

GRAPH ADVOCATES SPOTLIGHT

ISSUE #37

Welcome back to the Graph Advocates Spotlight. This week we are showcasing Advocate **Jorge Flores!**

But first, let's take a quick look at this week's news in The Graph ecosystem.

COMMUNITY ROUNDUP

- [Subgraph Studio support announced for Polygon zkEVM](#)
- The Graph's [decentralized network now supports 800 over subgraphs](#)
- [CB Recruitment Twitter Spaces AMA](#) with Kyle Rojas of Edge & Node
- ChainSafe completes [instrumenting Erigon for Firehose](#)
- [The Graph Foundation awards \\$5k in bounties](#) at ETHGlobal's Scaling Ethereum hackathon
- [GIP 0051 - Exponential Query Fee Rebates for Indexers](#)
- [April Core Dev Updates](#)
- [GRTiQ Episode #110](#) featuring DappLooker
- [The Graph Central #11](#)
- Six new Graph AdvocatesDAO community grants [posted in the Forum](#)

UPCOMING ADVOCATE EVENTS

Wave 12 Advocates Onboarding

Date: 4/12/23

Time: 3pm UTC

Hosted By: Estie

Role Chat: Community Care

Date: 4/13/23

Time: 7pm UTC

Hosted By: Darby

Role Chat: Content Creator

Date: 3/14/23

Time: 5pm UTC

Hosted By: Chidubem

ADVOCATE SPOTLIGHT

- **Name:** Jorge Flores
- **Advocate Role(s):** Text Translator
- **Region:** USA
- **Advocate Wave:** Wave 5
- **Social Media:** jorgeflores#7289 (Discord), @JorgeFlores76 (twitter)
- **Background:** I am originally from Ecuador where I lived before coming to the US for college. I worked as a civil engineer for 3 years out of college, then switched to finance doing business valuations for about 5 years. Most recently I founded a food manufacturing and marketing company in Chicago which I managed for 10 years and sold in 2022.

1

What are you most excited to learn more about in The Graph ecosystem?

I love learning about the increasing number of EVM chains being supported by The Graph's network which continually develops The Graph's role as an infrastructure provider for web3.

2

What inspired you to select the Advocate role you have chosen?

When I joined in October 2022 there was a need to help translate The Graph's website into Spanish. This has been a fun project which has also helped keep my Spanish from getting rusty.

ADVOCATE SPOTLIGHT

3 What would you like accomplish as a Graph Advocate?

Once the translation project I am working on concludes, I would like to use my background in business to help grow The Graph with data analytics insights and business development.

4 Why is web3 important to you?

What has always inspired me about web3, fundamentally, is that it has the potential to be a check on concentrated power, be it authoritarian governments impeding the free movement of private capital, central banks printing too much money, or corporations having a monopoly over people's access to information and their online identities.

5 What is a current challenge you think web3 will solve?

There is a lot to choose from! I am excited about decentralization in the story-creation space. Imagine a future in which the next Harry Potter or Stars Wars movie/book is written and owned by the fan base. I am also excited about creator monetization in the music industry with musicians being able to finance themselves via NFTs. Finally, as a soccer fan, I am excited about projects like Chiliz allowing sports clubs to connect directly with their globally distributed fans.

6 Which of your fellow Advocates would you like to shout out?

Shout out to Advocate Jorgelina#2948 (discord handle) who has been working hard with me translating The Graph's website into Spanish.

DATA DEPOT

Welcome back to Data Depot! Here we share the key weekly metrics of The Graph protocol. You can find additional network data on [The Graph Explorer](#) and the custom [Data Depot DappLooker Dashboard](#)
