

Graph Advocates Spotlight

Issue #10

Welcome back to the Graph Advocates Spotlight! This week we are showcasing Advocate and DAO member, Colson.

But first, lets take a quick look at this week's updates in The Graph ecosystem.

Community Roundup

- The first on-chain vote for a Graph AdvocatesDAO Community Grant application is now on DAOhaus
- The Graph AdvocatesDAO launched it's Contribution Process
- The Graph reaches 10,000 Delegators
- Core Devs Meeting #16
- Indexer Office Hours #78
- GRTiQ Episode #82 with Anne Connelly & Chief Nyamweya
- Block Timestamps feature preview released
- Kyle Rojas hosts "Why Decentralization Matters in Web3" Twitter Spaces
- MIPs Program Kickoff Call hosted by Nick Hansen
- Infrastructure Orchestration From the Ground Up" hosted by GraphOps
- Graph Network Billing Dashboard released by DappLooker
- Semiotic Labs hosts Arbitrum AMA Twitter Spaces

Upcoming Graph Advocates Events

Learning Series: Subgraph Data Analysis with Python
Date: 9/29/2022
Time: 9:30am PST
Hosted By: Nick Hansen

Committee Mtg.: Advocate Contributions Reimbursement Process
Date: 9/29/2022
Time: 11am PST
Hosted By: Oliver

Committee Mtg.: Weekly Ops Committee
Date: 10/3/2022
Time: 12pm PST
Hosted By: Darby

Reminder: Subscribe to the [Graph Advocates Calendar](#) to stay up to date on all Graph AdvocatesDAO events!

Advocate Spotlight

- **Name:** Colson
- **Advocate Role(s):** Community Care, Text Translator, Web3 Welcomer
- **Region:** European
- **Advocate Wave:** Wave 0 (Initial Cohort), DAO Member
- **Social Media Handles:** Colson#9571 (Discord), @ColsonGRTeacher (Twitter), web3-vincent (LinkedIn)
- **Background:** My name is Colson. I was born and raised in Rotterdam, The Netherlands. Before embarking on this web3 journey, I taught science classes at local high schools. During my time as a teacher, I also worked as a bartender in a few amazing clubs in Rotterdam. I am currently a member of Graph AdvocatesDAO, where I spend most of my time in the Advocates-Committee and the Grant-Committee.

Why is Web3 important to you?

1. Coming from an educational background, I am very interested in solutions to problems we see in the current Dutch educational system. I believe we will see a move to high quality remote education in the near future, where students get personalized curricula based on personal interest, level on understanding, pace of learning and future goals.

What Graph Day Announcement did you find most compelling, and why?

2. I was, and am, very happy GraphOps joined The Graph ecosystem as a core developer. I have a smile on my face every time I am talking to the team, they are all so friendly! I hope to see GraphOps continue their amazing (insert Abel voice) work for a long time!

How do you like to spend your time when you're not building web3?

3. I like to go to the gym before building web3, and I like to go clubbing after building web3!

What Advocate contribution are you most proud of?

4. In April 2022, I had the opportunity to do web3 welcoming at the ETHAmsterdam hackathon. This was the first time I met Slimchance and Payne after talking to them online for over a year. It was a really fun week, and I hope to see them again at the next ETHAmsterdam!

Which of your fellow Advocates would you like to shout out?

5. I would like to shout out Saisne! When I was completely new to The Graph, Saisne explained everything to me from novice to expert level. I'm talking protocol economics, short-and-long term effects of GIPs, technical terms from IOH, etc. I had the opportunity to meet Saisne at Graph Day, I hope to see him again next year!

Data Depot: Epoch 631

Welcome back to Data Depot! Here we share the key weekly metrics of The Graph protocol. You can find additional network data on [The Graph Explorer](#).
