# Advocate Spotlight

- **Name:** Onur Sarayli
- **Advocate Role(s):** Community Care, Content Creator, Text Translator
- **Region:** Turkey
- **Advocate Wave:** Wave 4
- **Social Media Handles:** Onur#1111 (Discord), @onursaraylii (Twitter), @onursarayli (Telegram)
- **Background:** I'm Onur Sarayli. I'm from Turkey and I live here. I have been dealing with e-commerce & marketing for ten years. I did my master's education on Interactive Marketing (3,94). I published my master's thesis on blockchain and IoT.

## What are you most excited about to learn more about in The Graph Ecosystem?

1. Since I'm not a developer, I don't have much technical and coding knowledge. However, I am reading more and more articles every day to learn about The Graph's technology in a technical sense. The new things I learn every day excite me a lot!

## What is a current challenge you believe web3 will solve?

2. It will bring real democracy. Also it allows financial freedom to spread equally to all and eliminate intermediaries.

## What Advocate contribution are you most proud of?

3. I am deemed to have translated all articles and contents into Turkish. As new content is added, I translate them into Turkish and share them with our community. In this way, I aim to ensure that people with insufficient knowledge of English do not stay away from current developments. I can't wait to help add Turkish language support to our official website as well!

## What Graph Day Announcement did you find most compelling, and why?

4. Definitely the first day! That keynote by Yaniv reminded me of Steve Jobs' speech in which he first introduced the iPhone. I will never forget this first day in my life when I remember once again that we are building the future!

## Which of your fellow Advocates would you like to shout out?

5. Special thanks to Paolo and Reem. They have been very supportive of me during this process. Paolo's contribution to the program is quite a lot and he helped me a lot in what I should pay attention to during this process. Thanks Paul!

**Reminder: You can watch Yaniv's keynote presentation and all other Graph Day presentations on YouTube.**

# Advocate Spotlight

- **Name:** Yaraslau Zubrytski
- **Advocate Role(s):** Content Creator
- **Region:** Belarus
- **Advocate Wave:** Wave 1
- **Social Media Handles:** Roketti#4932 (Discord), @CryptoMystery1 (Twitter), @inv099 (Telegram)
- **Background:** I graduated from a Physics and Mathematics school in 2013, then entered the Belarusian State University, majoring in Physics and Computer science. Graduated from the University in 2018 and entered the master's program in Photonics, which I graduated from in 2019. Now I work in an IT company as a Systems Analyst. Blockchain Enthusiast and Trust Minimization maximalist.

## Why is web3 important to you?

1. I'm trust minimization maximalist and would like to have decentralized internet without dependance from third-party server hosting my websites.

## What inspired you to select the Advocate roles you have chosen?

My focus is technical writing and DevOps, so I think it fits me.

## What would you like to accomplish as a Graph Advocate?

3. Popularization of The Graph in my socials and websites by making content like infographics, Q&A, reviews.

## How do you like to spend your time when you're not building web3?

Reading books, walking, listening to podcasts, travelling, and sport games.

## Which of your fellow Advocates would you like to shout out?

5. Paolo Diomede provided welcoming help getting to know the project and useful links. He has very informative twitter.
