ADVOCATE SPOTLIGHT

- **Name:** Bertrand Armando Iratchet
- **Advocate Role(s):** Event Evangelist, Web3 Welcomer
- **Region:** South America
- **Advocate Wave:** Wave 2
- **Social Media Handles:** @Armandobk (Twitter),

- **Background:** Settled in Chile for almost 20 years, I've officiated as barman, nightclub manager, art curator, artist manager, music producer.

What is a current challenge you think web3 will solve?

1. I'm a big fan of the censorship resistance concept, I never understood how it was possible to censor a movie, a novel or a nipple! Until now I could observe total creative freedom on Web3, I really hope that will not change with mass adoption. Refi (Regenerative Finance) also makes a lot of sense to me, it would be so cool if Web3 could help to clean the planet!

What are you most excited to learn more about in The Graph ecosystem?

2. Subgraph development, they are the core of The Graph.

What inspired you to select the Advocates roles you have chosen?

I'm willing to bring new local talents to the Web3 ecosystem and I also like the idea of building bridges between Web2 and Web3.

3. Which of your Advocate Contributions are you most proud of?

Recently I've organized The Graph x Chainlink ETHSantiago side event, the first The Graph workshop in Chile.

4. Which of your fellow Advocates would you like to shout out?

I would like to shout out Gabriel González (Discord: °•○● GG ●○°#5422), a tremendous Technical Teacher whose support is fundamental for The Graph Spanish speaking community. I want to thank him very much for hosting the first 2 The Graph workshops in Chile. He is an outstanding speaker and Graph Advocate, moreover he is one of the kindest and inspiring people I ever met!

5. I would also like to shout out Jérôme (Discord: j3rōme#8698) and Marc André (Discord: ellipfra#9486) who are making great efforts to encourage and support The Graph French speaking Community on Telegram.
